SETAC & ACLCA MOU

MOU signed in January 2019

SNA and ACLCA wish to strengthen collaboration on advancing technical and methodological aspects of LCA in North America. This will be accomplished through the SNA LCA IG.

All ACLCA members will be officially invited to join the SNA LCA IG, recognizing that membership in the SNA LCA IG is open to ALL interested individuals and that many IG members are already ACLCA members as well.

The SNA LCA IG Steering Committee would be co-chaired by one SETAC member and one ACLCA member.
